### Job Summary

Works with a multi-disciplinary health team to provide primary care services to individuals and families residing in the PQCHC area using a medical care model which emphasizes a holistic approach of health promotion and client education, and encourages clients to take responsibility for their own health.

### Job Specific Responsibilities

#### Teamwork and Collaboration:

- Participates in the evaluation component of the relevant program.
- Provides resources and support to program staff pertaining to specific client issues.
- Assists in the development of program specific policies and procedures/guidelines and in the overall planning and development of the program stakeholders.
- Participates in staff development as appropriate to the position.
- Provides appropriate support and consultation to other primary care staff.
- Works within established policies of off-site organizations where staff are housed.
- Provides support to clients of team members as needed.
- Assists with the overall planning, development and evaluation of health services.

#### Direct Client Service:

- Provides clinical services to clients, either in the Centre or in the community, taking into account the environmental, social, psychological and medical factors that influence health.
- Assesses, diagnoses and prescribes treatment to clients, and refers to other resources as appropriate.
- Participates in an on-call roster with other physicians within the Centre and other CHC's in the Ottawa area.
- Participates in the development, implementation, monitoring and evaluation of treatment, education, counseling and health promotion programs and services for individuals, families and the community.
- Plans and participates in outreach health services.
- Maintains awareness of current issues and developments in the respective field.
- Performs health promotion activities on relevant topics.

#### Administration:

- Maintains complete and accurate medical records for all clients.
- Participates in regular chart reviews and case conferences.
- Maintains current licensing with the appropriate regulatory body.

### Qualifications

- Doctorate in family medicine essential.
- One to three years of family practice experience is essential.
- Experience in a community setting desirable.
- Demonstrated commitment to and knowledge of community-based health care.

### HUMAN RESOURCES

#### Pinecrest-Queensway Community Health Centre
